

Designing Socially Embedded Technologies In The Real-World (Computer Supported Cooperative Work)

QUT | Staff Profiles | Margot Brereton -

Margot Brereton researches the and theoretical understandings by designing to support real Interaction Design, Computer Supported Cooperative Work

What is Computer- Supported Cooperative Work (CSCW -

The concept of computer-supported cooperative work was introduced by Irene Greif and Paul M. Cashman in 1984. It combines the cooperative work of individuals through

Design Ltd.: Renovated Myths for the Development -

Design Ltd.: Renovated Myths for the Development of Socially Embedded Technologies. Uploaded by Carla Simone. 1 of 2: Info; potential certification reach. To share

Work, Interaction and Technology / Historical -

studies of work, interaction and technology across a within the work place may be embedded in a deeper Computer Supported Cooperative Work

News - Embedded Computing - Advantech -

Advantech Embedded Board & Design-in Services offer a full range of embedded computing services including, embedded computers, embedded systems, single board

Research Areas at UCI's Donald Bren School of -

Their research in the information and computer sciences and real-world images and video. We work on end-to Computer-Supported Cooperative Work

Designing Socially Embedded Technologies In The -

Download Designing Socially Embedded Technologies In The Real-world book in PDF, Epub or Mobi

Nexus - Microsoft Research -

The Nexus group merges research in Social Shopping with Social Technologies, Conference on Computer Supported Cooperative Work and Social

ARM - The Architecture For The Digital World -

ARM is a leader in microprocessor Intellectual Property. ARM designs and licenses fast, low-cost, power-efficient RISC processors, peripherals and 'system-on-chip
